ANCHOR AT YOUR PLACE

SMART TABLE

LORIENT is a table that perfectly senses what you need. Ever so simple to extend when guests come to visit. Easy to fold up so as to take up less space in everyday life. But no matter how big or small it may be, it will always be the beating heart of your home.

ALWAYS PREPARED

You are probably all too familiar with the situation: the doorbell rings all of a sudden and an unexpected visitor is at your door. It's ever so nice. Soon it gets a little late and every-one is getting peckish. Our solution: two integrated extensions of 50 cm each. You can easily deploy one or two leaves, depending on the number of guests. Has the pizza been ordered already?

CUSTOMIZABLE

In addition to the dimensions, you choose the type of wood for the table-top, as well as one colour for the metal legs and the head and side frame.

STYLISHLY ROUNDED

LORIENT briefly veers off the straight path with rounded corners and bevelled edges. Ideal for families with children who risk bumping into the corners of the table.

KEEP IT SIMPLE

Just because you have invited friends over does not mean that they expect a four-course dinner as well. Just being together is just as important as what you serve on the table. So why spend hours sweating in the kitchen when you can also exchange cosy pizza points. And don't forget: eating with your hands is allowed (so less washing up afterwards)!

MODULAR DINING

LORIENT changes size according to your wishes. A sleek design and innovative technology highlight the modern look of this table.

MINDFUL DINING

Breakfast on the train, lunch at the computer, a TV dinner: we regularly eat alone. It's a shame, really, because eating together nurtures the most beautiful table talk and moments in life. Food is like glue. It connects us to each other on so many different levels. Because eating together adds an invisible ingredient to every meal: attention.

S/M(X)L

LORIENT comes in three variants: without extension leaf, with two separate extensions of 50 cm each, or with one large extension leaf of 100 cm. Small, medium or large: it's up to you!

FULL OF CONTRAST!

The straight metal legs can be customized in different colours and they contrast beautifully with the tabletop in (rustic) oak, beech or walnut.

STRAIGHTFORWARD

With its rectilinear design, LORIENT is exactly what it should be: a timeless table without too much fuss. This makes it a dreamed-of eye-catcher in a minimalist interior where 29 style and function take centre stage.

GRUB'S UP!

A table is so much more than four legs and a top. It is the vibrant epicentre of your home. This is where it all happens: laughing, crying, playing, eating, working ... But most of all, it is a place where you can be yourself, even if that is sometimes with a slice (of pizza).
