

EUFORA MASTERCLASS

'Update on Biologicals for Asthma & CRSwNP'

Date: Tuesday 18th October 2022

One-day webinar of 120 minutes, live streamed at 9 am and repeated at 5 pm CET
Pre-Recorded presentations with live moderation, interactive audience Q&A and polling

Agenda

Chairs & Moderation:

Prof. Zuzana Diamant (Netherlands) & Prof. Wytske Fokkens (Netherlands)

09:00 - 09:05

Introduction and welcome

Prof. Zuzana Diamant (Netherlands) & Prof. Wytske Fokkens (Netherlands)

09:05 - 09:20

Pathways underlying the pathophysiology of asthma and CRSwNP; interactions of airway compartment

Prof. Zuzana Diamant (Netherlands)

Audience Q&A

09:20 - 09:35

Phenotypes/endotypes and predictive biomarkers for which biologicals

Prof. Jivianne Lee (USA)

Audience Q&A

09:35 - 09:50

Existing and new biologicals: for whom, which biologicals, what effects/outcomes, when and how long?

Prof. Leif Bjermer (Sweden)

Audience Q&A

09:50 - 10:05

Unmet needs/new horizons

Prof. Peter Hellings (Belgium)

Audience Q&A

10:05 – 10:20

Patient cases

Prof. Philippe Gevaert (Belgium)

10:20 – 10:35

What biologicals work in both asthma and CRSwNP?

Prof. Wytske Fokkens (Netherlands)

10:35 – 10:50

Biologicals vs (revision) surgery: what is best

Prof. Wytske Fokkens (Netherlands)

10:50 – 11:00

Summary and close

Prof. Zuzana Diamant (Netherlands) & Prof. Wytske Fokkens (Netherlands)
